Portfolio: aldodeveloper.com.br

Summary of Qualifications:

I am a Bachelor of Information Systems graduate from Faculdade Prominas, with a solid professional trajectory of over 14 years as a Web Developer.

My experience spans significant participation in various projects, where I served not only as a developer but also as a driver of innovation and continuous improvement.

I have specialized in the development of web applications, websites, and mobile apps, possessing a proven track record in these implementations.

I possess strong knowledge in creating WordPress themes and plugins.

Skills: React, React Native, Node.js, Next.js, Python, Django, Flask, PHP, Laravel, CakePHP, HTML, CSS, Bootstrap, Tailwind, JavaScript, JQuery, SQL database management.

Academic Background:

Bachelor's Degree in Information Systems - Prominas Colleges

Professional Experience

Web Developer - Lumidea Design & Web

Duration: 03/2010 a 12/2023

I specialized in the development and maintenance of websites and web applications, using the most advanced technologies available in the market.

My approach to development is guided by the use of agile methodologies and the application of leading-edge frameworks and platforms, including Bootstrap for responsive design, React for dynamic user interfaces, Laravel and CakePHP for robust backend development, and WordPress for manageable content solutions.

This combination of tools and practices allows me to deliver innovative projects and high-quality solutions, optimizing the development process to ensure efficiency and effectiveness in project delivery.

Further experiences can be viewed on LinkedIn.
